

# Canadian Petroleum Training Institute Ltd.

## EXAMPLE

### COURSE OUTLINE

#### EVALUATION OF WELL DRILLING, COMPLETION AND WORKOVER PROJECTS

##### **Drilling Evaluation**

- Deviation Surveys
- Log Evaluation
- Assessment of Formation Damage
- Casing and Cementing Evaluation

##### **Completion Evaluation**

- Casing and Cementing Evaluation
- Perforations
- Cased Hole Log Evaluation
- Drill Stem Tests
- Production and AOF Testing
- Pressure Decline Analysis

##### **Workover Evaluation**

- Production Related Wellbore Damage
- Water Influx
- Sand Control
- Casing Repairs
- Pumping Problems and Solutions
- Surface Processing Equipment Problems and Solutions

##### **Management of Drilling, Completion and Workover Projects**

- Project Team
- Team Responsibilities
- Procurement
